Best Bin. Guaranteed.

Flexible Solutions

BULK STORAGE & HANDLING SYSTEMS

Multiple Bin Projects

- Belt Conveyors • Screw Augers
- Under Bin Conveyors • Drag Conveyors
- Bucket Elevators • Weigh Scales

Multiple 5000 bu bins provide better utilization of storage for various grades and types of grain.

No-shovel bins have proven to sell for more than the original price 10 years later!

Steel skid foundations also sell for more than original purchase price after 10 years.

ViVANUE. provides turn key solutions

ViVANUE. COMMERCIAL POWDER COATING & FABRICATION

ViVANUE.'s giant oven has the capacity to coat parts 20' x 24' x 55'. Call ViVANUE. for your commercial coating needs.

Now that's a BIG oven!

2013 Exclusive

Greater strength unibody bin leg design at no charge for orders placed in 2013. ViVANUE.'s new patented leg to cone bracing makes a stronger bin and allows the user to freely move around the center of the cone without obstruction.

Built on a SOLID foundation

ViVANUE. builds optional steel foundations including the extra heavy duty double skid providing flexibility and long term value... A foundation you can trust!

Why buy a No-Shovel Bin? It's the Instant Solution!

Technical Specification

available for the following

- concrete pads
- gravel base for skids
- auger height required
- conveyor height required
- layout design drawings
- custom clearances

No-Shovel Bin

With the exclusive V-slip coating nothing sticks inside your bin. This DuPont coating uses PTFE to create a non-stick surface, similar to a non-stick frying pan. This means that you never have to climb inside your bin again.

Dupont Coatings

We choose to use only the best coatings available on the market.

We provide the best quality products at competitive prices.

Why pay more for an inferior product?
